Dear Suzette

REVIEW FOR THE YEAR ENDED 30 JUNE 2016

We have recently completed the audit of the Trust's Financial Statements. In general we were pleased to note that we found the records and books of account to be of a high standard.

During the course of our review we noted one matter which we now wish to bring to your attention, this matter together with our recommendation is outlined in the main body of this report.

Our report by its nature does not highlight the many strong features of internal control which are in operation, rather we have brought to your attention matters which may be of potential concern.

At this stage we would like to thank you for your assistance given during the course of the audit.

Yours sincerely

OROMAHOE TRUST

1. AFFCO SHARES

It was noted that AFFCO was taken over by Talleys in 2010 and when the takeover was completed shareholders of AFFCO were to be paid 37 cents per share. The Trust does not appear to have taken up this offer at balance date.

It is recommended that the Trust take up the offer from Talley's and claim their 37cents per AFFCO shares.
